The support for Neighbourhood Watch groups has been lacking in recent years, however Thames Valley Police are keen to improve the support and a meeting is to be held between the police (Paul Christmas) and members of the Weston on the Green Neighbourhood Watch group.

BH also highlighted that it may be a good idea to see if Trading Standards could come and do a talk to the village once covid has abated. The Fire Brigade also stressed the importance of providing free smoke detectors in homes

HD also noted that Oxford Edens invoices for grass cutting are paid regularly during the year and are often required to be paid ahead of a Parish Council meeting, to avoid a late payment fee. This system of payment will continue for FY 2021/22 – any invoices requiring payment before approval at a Parish Council meeting will be authorised for payment by the clerk and RFO (in accordance with section 5.5 in Weston on the Green's Financial Regulations) and the invoice will be placed on the next Council meeting agenda for approval and pre-payment highlighted.

Action: Clerk to add Standing Order payments to clerk's report for each PC meeting.

21.365.14 Resolution: To Approve End of Year Financial Accounts for FY 2020-2021 (HD)

HD presented the Parish Councils end of year accounts following their approval by the finance advisory group. A summary of expenditure in Q4 vs budget, bank reconciliation and income details were provided.

HD highlighted that it is important to understand where there has been underspend in the budget this financial year - covid lockdowns have delayed progress on key items including the 20mph traffic project, transport and weir expenditure.

HD highlighted that at the end of FY 2020-21 the Council had £45,292.92 in reserve which has all been earmarked for specific projects or against certain budget lines. It was also noted that the Council retains 3 months operating costs as standard expected practice.

Minutes
Approved:.....Dated.....

The Council were supportive of a sympathetic conversion of this agricultural barn to a single dwelling however, concerns were raised around the curtilage of the new development and change of use to amenity land. There has been some concern from residents over the amount of work going on in the garden of The Manor Hotel with cables for lighting. HD highlighted that as The Manor is a listed building and in a conservation area it would need to apply for planning permission. HD will raise this with enforcement at Cherwell District Council.

A resident also commented on the increased collection of materials at Saint Hill Copse, DB to look further into this and report back to HD.

Action: HD/clerk to send appropriate planning replies to Cherwell District Council.

Action: DB to provide any further information on Saint Hill Copse to HD.

21.365.17 For Information: Works update including weir (RSA)

RSA highlighted that the playground was inspected on 2nd April 2021 and the general appearance was reasonable; key points are detailed in the submitted works and playground report.

RSA mentioned that Kieran had completed a pressure-wash clean and a biocide spray of the playground. RSA has also repaired a split fence upright plank, replaced most of the bolt covers on the four-way bouncer and trimmed the hedges in the car park.

Unfortunately, he also highlighted that the door on the shop was broken but the key has arrived for the waste bin, so it has been emptied.

At Ardley's request RSA mowed the pitch and the surrounds last week and Ardley have marked out the pitch in preparation for some football activity.

Minutes

Approved:.....Dated.....

RSA has also started the process of getting permission to repair the weirs with sandbags but received a disappointing letter back from Calcutt Farms, but a very pleasant supportive message from Staplehurst. RSA has drafted a response to Calcutt which will be circulated to Councillors for comment before it is sent off.

Action: Councillors to comment on draft letter to Calcutt farms before it is sent off.

DB queried if the Mill Race could be listed. Bob Hessian mentioned he would talk to an Historic England person who lives in Bicester – Rob Parkinson – to see if that was an option.

DB then highlighted a complaint she had received from a resident regarding the size of lorries pulling motor homes down the road to Mobile RV Maintenance, situated at Staplehurst commercial estate. DB has spoken to the manager who offered to post on their website that motor homes should enter via the other direction and he would be explicit when people booked. The difficulty is the largest vehicles must come through the village because they cannot turn left off the Bletchingdon Road because there is an old oak tree that could be damaged if they turned as sharply as they would need to. Paul Beecroft is going to have a look and see if the splay could be made wider.

Action: DB to provide feedback on mobile caravans through the village and if Paul Beecroft had any thoughts on the Bletchingdon Road turning.

21.365.18 For Information: Feedback from training courses - Finding New Councillors and Leadership Skills (DB)
