

Weston - Brookfurlong Farm - Starbucks Lay-by

A 6 mile circular on the south side of the A34.

This does include walking the footpath alongside the A34, it is a proper footpath but probably best walked when there is likely to be less traffic!

Leaving Weston from wherever you are, walk down to A34 flyover and turn right onto Wendlebury road and immediately right again to take the track down towards Oddington Grange, on the last long straight stretch before the Grange, just after the white concrete marker, turn right onto Oxfordshire Way footpath. This is not actually waymarked but the footpath should be visible.

Follow path across field to a kissing gate, bear right following the Oxfordshire Way to a kissing gate and footbridge in the hedge, continue straight ahead, still following the Oxfordshire Way to the far right hand corner of the field.

Follow the narrow path through the hedgeway with a paddock on your left, into an open field and continue along the left hand edge to a kissing gate in the left hand corner, continue through the gate and over a footbridge out onto a farm track, turn right and then left at end of left hand hedge.

Continue down left hand edge of field, still on Oxfordshire Way, past the log pile and take the second open gateway on the left to continue on the other side of the hedge.

Turn right through the double kissing gates in the right hand hedge and continue straight along the left hand edge of this field.

Take the waymarked stile and footbridge on the left and head diagonally right across the next field to the far right hand corner.

Go through open gateway into the next field and turn left to follow the left hand field edge past the farmhouse and continue parallel with the concrete track to a Waymark post.

Turn sharp right here to cross this field slightly diagonally right to a stile and footbridge hidden in the far hedge.

Cross the footbridge and continue slightly diagonally right to a footbridge in the far hedge, to the left of the solar panels.

Cross the footbridge and continue up this field edge keeping the hedge and solar farm on the right to emerge through a gate into the old track behind Starbucks etc.

Turn right and follow the track out alongside the A34, continuing along the footpath, past the Shell garage to the Weston flyover, going under the bridge to turn immediately right up the steps onto the road.

Turn right over the bridge and down to the mini roundabout to return home.
